NUMBER 45.

VEHICLE LIGHT TEST STATIONS ARE NEEDED

Applications for County Testing Stations Should Be Filed at Once Says Judge Townsend—Five Received Not Enough to Accommodate People.

Five applications for automobile headlight testing stations have been made up to date, according to County Judge J. V. Townsend. This number will be sufficient to take care of the vehicles in the county, according to the county judge, and he urges garages, automobile accessory concerns to file their applications at once as the law goes into effect on September 1, and lights should be tested before that time. Judge Townsend states that he intends to cooperate with other county officials in making the law effective.

The new headlight law will apply to motor vehicles, tractors, motorcycles and bicycles. Inspection will be compulsory under the new law, Judge Townsend explained. Only a 25-cent fee will be charged for each motor vehicle lights of which are tested. The certificate furnished the automobile owner by the test station must be submitted to the county tax collector when the automobile is registered. The law further provides for a test "within the 30-day period just preceding the application for registration" of the motor vehicle.

The test will be largely a matter of focussing the headlights and many types now in use will be proper under the new law, authorities state. Under the provisions of the law, the test stations shall test and adjust the headlights for proper tilt, proper focal adjustment and proper mechanical condition. However, the test station will not be required to repair defective headlights, but only to ascertain whether the lights meet the requirements of the law.

Under the new headlight law, the use of a spotlight when a car is approaching from the opposite direction is prohibited. However, if the headlights fail to function, the spotlight may be used but its beam must be directed so that it strikes not more than 50 feet in front of the car. Spotlight restriction in the law do not apply to police and fire department vehicles, it is stated.

According to provisions, motorists arrested for improper lights after the law becomes effective, will be allowed three days to have the lights tested and corrected. On presentation of a certificate from the test station within the 72-hour period the justice of the peace will dismiss the case.

Punishments for violating the headlight law are: first offense, fine ranging from \$5 to not more than \$25, and for subsequent offenses, fine ranging from \$25 to not more than \$50.

All forms and applications for concerns seeking permits as county test stations to examine headlights are available at Judge Townsend's office in the court house.

The five stations which have made applications to date are: Gable's garage, Odell; J. T. Hale's garage, Tolbert; Douglas' garage, Harrold; Vernon Storage Battery Company, Vernon; Napier Motor Company, Vernon.

VERNON LEADS ALL TEXAS AT NATIONAL MEET

Crouch Leads Field of National Stars in Half-Mile Run While Relay Team Takes Third High.

A quintet of cinder path stars heaped new laurels on the red and white standard of Vernon High school by scoring eight points for tenth honors in the national interscholastic track meet held at Stagg Field, Chicago, last Saturday. The local lads hung up a larger score than did any other school from Texas.

Winifred Crouch, lanky Vernon half-miler, accounted for five of his school's eight points by showing the entire field a pair of fast-moving shoe soles in the 880 event. Crouch got away to a bad start, but at the beginning of the home stretch, he nosed his way into first place, breaking the tape scarcely a foot ahead of R. Riegal of Columbus, Ohio. He made the half mile in 1:58.8.

A fast-stepping quartet from Vernon, composed of Ransome Walker, Delmar Langley, Herbert Robinson, and Benton Ryan, topped third honors in the three-quarter mile relay, losing to the Cleburne High team which they beat at the State meet at Austin a few weeks ago.

The Vernon athletes vied with 1200 athletes, the chosen stars of thirty states. Schools scoring more points than Vernon represent the nation as follows: Fort Collins, Colo., 29; Wenatchee, Wash., 13; Kokomo, Ind., 13; North Western High, Detroit, Mich., 13; Danville, Ill., 11; Kaysville, Utah, 10; Argentine High, Kansas City, Kans., 10; Parkton, S. D., 10; Protection, Kan., 10.

Other Texas school scores as follows: Central High, Houston, 5; Breckenridge 5, Cleburne 5; Central High, Fort Worth 4, Beaumont 2.

Company "L" To Go To Austin July 3 for Encampment

Preparations are being made by the officials of Company "L," 132nd infantry, local national guard unit, to attend the annual encampment of the Texas National Guard which will be held at Camp Mabry, Austin, from July 3-17, according to Captain Clyde D. Watts, commander of the company.

It was originally intended to hold the encampment at Palacios, but, according to an announcement by Adjutant General Mark McGee, because of the inability of Palacios citizens to arrange suitable camp sites in time for the annual encampment, infantry companies previously ordered to that city have been transferred to Camp Mabry.

GIRLS TO HOLD CAMP AT LETOLI

CAMP FIRE ORGANIZATION RAISING FUNDS FOR WEEK OF ENCAMPMENT.

Half a hundred Camp Fire Girls paraded the streets of Vernon Saturday morning, inaugurating the campaign to raise funds for the encampment to be held at Letoli for a week, beginning next Saturday. Immediately after the parade ended, the girls scattered through the streets of Vernon, selling encampment tags.

Sufficient funds to make the trip have not been raised, and plans for the encampment will be discussed at a meeting of the Camp Fire Girls at the local high school auditorium tomorrow afternoon at 3 p. m. It is necessary that every girl be present at that meeting who intends to attend the encampment, according to Mrs. Albert Jones, Camp Fire guardian.

Camp officials have been designated already. Miss Glenore Fisk, Camp Fire executive, will be director of the camp, and J. R. Sheldon will be "camp dad." Mr. Sheldon is president of the Wichita Falls municipal golf club, and is an authority on nature lore. Miss Marion Penn, expert swimmer from the University of Texas, has been engaged as swimming counselor for the camp. Mrs. Albert Jones, Mrs. John Brown, and Mrs. Guy Cain, local women, will be guardians of the camp.

Local officials of the organization ask the citizens of Vernon to support the movement. This is the first time the girls have ever had the opportunity to go on such an encampment. Estimates show that it will take \$7.50 to keep each girl at the encampment a week.

MISS HOUSSELS CROWNED QUEEN MONDAY NIGHT

Coronation and Minstrel by Home Economics Features of Last Night's Program Opening Community Week—Other Good Programs.

Possibly the largest crowd ever present for the opening number of Community Week was present last night in Allingham Park, for the coronation of Queen Adele Houssels which was attended by all the pomp and ceremony of such an occasion, and to see the negro minstrel given by the Home Economics club as the initial number. All seats were full and several stood up to witness the coronation ceremonies and the play.

Miss Houssels and her retinue moved slowly down the main aisle to the stage where they were met by Mayor Harry Mason, who announced the names of the royal party. First came the ladies-in-waiting, Miss Ellen Castlebury and Miss Frances Greever, followed by the maids in couples. The crown bearers, Misses Allie Jo Murchison and Sarah Robinson came next, followed by the Queen and her train bearers, Tom King, Jr., Tom Glover, Jr., Roy Martin, Jr., and Cy Long, Jr., as each couple ascended the dais, they were heralded by Corine Pigg, Louise Johnson, Mary Jeanette Bennett and Anna Bailey.

Her majesty was very beautiful in her robe of white satin, with gold satin train, that hung from the shoulders. A spot light played upon the scene as the royal party arrived and as the crown was placed upon the head of the fair Queen. The ladies in waiting and the maids in beautiful evening dresses completed the picture. Mayor Mason received the crown from the little crown bearers and crowned Miss Houssels, Queen of Community Week and Vernon. Miss Minerva Price Rhoads in a graceful "Slave Dance" appeared before the Queen. During the coronation of Her Majesty, the Elliott band played and gave a concert before the arrival of the Queen.

After the coronation, Mayor Mason formally opened Community Week in a speech of welcome telling of the civic pride of Vernon's citizens and things they had achieved for the growth of the city.

Then the curtain went up on the scene of the rollicking minstrel. Tom Lissman was splendid as an interloper and the end men acted like seasoned players instead of amateurs. They were Guy Norwood, Newman Hodges, Dee Norwood, M. C. Culbertson and L. O. Johnson.

Mrs. Roy Cloniger brought down the house with her coon songs and Mrs. John Lutz reading was received with much applause, as was Miss Juanita McDonald in her negro dialect sketch.

Robert Hall, who has pleased audiences before with his clever clog dancing, was again in the limelight. The Ukulele Girls act as one of the features of the occasion and the Jazz Bo band boys were well received. Mrs. Will Colley and Mrs. Roy Abbott made a bit with their duet.

The interloper pleased the audience with his song, "Memory Lane," and encore. In fact every feature was enjoyed and the large audience was well pleased with the first night of the annual big week in Vernon.

Tonight, the Home Science club, assisted by the Musicians' club, will give a musical and miscellaneous program, which promises to be very entertaining. Wednesday night, the Delphians will present "Sophronia's Wedding." Thursday night the W. C. T. U. and Miss Anna Joe Pendleton will present two one act plays. Friday night, the Parent-Teachers have a miscellaneous program and Saturday night the Woman's club presents "Cupid and Calories."

ELLIOTT CLUB WOMEN HAVE ALL-DAY MEET

The Elliott women's club met at Mrs. R. L. Luttrell's, June 2 with thirty members present, ten large girls and ten small children. This was an all-day meeting and all of the women brought a bountiful dinner, consisting of cakes, pies, fresh vegetables, fruit bread and chicken. The topic for the day was "Canning." Several ladies were assigned special vegetables and fruits to can for exhibit purposes.

The club also planned to visit Mrs. Walter Hoffman's home June 9. It was also voted to visit the County Line Club that meets every first and third Tuesdays. This club is under the supervision of Miss Ethel Webb of Wichita County.

FARM LAND IS SOLD FOR \$125

T. E. BURCHFIELD BUYS TRACT FROM RAINWATER BROS. FOR \$33,225.

DYSON STRIKES NEW SAND AND EXTENDS FIELD

1800-Foot Horizon Discovered Half Mile Northwest of Noble Well—Winnipeg Brings in First 1300-Foot Producer on Lease.

Four successful completions marked activities in the Willbarger pools during the week-end, one of which extended the fields half a mile. Dyson et al brought in the feature well in their No. 1 Waggoner from four feet of sand at 1872 to 1876 on section 46, block 4, H. & T. C. survey, located half a mile northwest of the Noble producer. The well is flowing by heads every ten minutes at the rate of 250 barrels a day.

The picking up of the 1800-foot horizon in this section came as a distinct surprise to oil operators, as nothing was expected above the Noble level at about 2300 feet.

Bridwell-Heydrick completed No. 7 Dill on section 84, block 14, Saturday for a 400-barrel production from a sand at 2284 feet. The well is in thirty-seven feet of sand from 2284 to 2321. No. 1 McCrary is drilling at 1465 feet on section 52, block 14.

Winnipeg Oil company completed No. 10 Bond-Hawkins-Williams for a 200-barrel production in section 100, block 14, from the 1300-foot horizon. This is the first well to be brought in from the 1300-foot level in this section, and it adds another horizon to Winnipeg's productive ten-acre lease.

Atlantic Oil Producing company completed No. 5 Zipperle, and it is making 10 barrels a day from a series of broken formations and oil sands from 1297 to 1324, with the principal sand at 1322 to 1324. The company is drilling in hard time at 2100 feet in No. 1 Fuhman, the well taken over from Key et al some time ago. No. 1 Sigler-Waggoner has a fishing job at 1480 feet. The well is located 400 feet north of the old Sigler No. 1 in section 51, block 2.

Texhoma has abandoned No. 1 Flanklin located in North Willbarger on section 5, block 16, at a total depth of 2311 feet after passing up a dry sand.

Holmes-Freeman-Meritt are drilling at 1800 feet in No. 1 on the northwest quarter of section 39, block 15, H. & T. C. survey.

Humble Oil company has made a location on section 53, block 2, 690 feet south of the Pyramid well. The company is rigging up on section 40, block 4.

Bentley is drilling at 2150 feet in No. 2 Waggoner on section 47, block 4, after passing up an oil showing estimated to make 100 barrels a day at 1952 feet. The well is to be drilled to the 2300-foot level.

Thelma Wells is drilling at 430 feet in No. 1 Waggoner a wildcat on section 15, block 2.

Electra-Texas No. 2 is drilling at 1290 feet on section 42, block 14. Several wells are spudding at this time, among which are: Skelley Oil company on section 9, block 2; Richardson Oil company on 37, block 4; Tidal Oil company on section 35, block 4; Murchison-Pain on section 18, block 2.

"Charley's Aunt" Scores Hit With Vernon Audience

A knockout! That is the general opinion of those who last night saw "Charley's Aunt," the big feature farce which is playing at the Vernon theater to night and tomorrow, with Syd Chaplin playing the leading role. The house was kept in an uproar throughout the showing of the picture last night.

Based on life at Oxford University, the picture is naturally full of college pranks. Syd Chaplin as "Babbs," a love sick lord, returns to his college rooms at Oxford to find his chums, Charley and Jack ex-

pecting the former's aunt to arrive from Brazil. Expecting the aunt's arrival, Charley and Jack invite their sweethearts over to their rooms to meet the new relative, while "Babbs" goes about preparing for a play in which he is to play the part of a "stily old woman."

The aunt fails to arrive, and just as the girls ring the door bell, "Babbs" enters his chums' rooms to obtain their opinion of his make up. Much against his will, he is conscripted to act as the missing aunt from Brazil. Later his motherly attitude toward the girls while acting as the aunt excites the jealousy of his chums, who can do nothing more than hand him a few swift blows when the girls aren't looking.

To add to "Babbs'" troubles, the two girls' guardian, and Jack's father, two fortune hunters, arrive and immediately become bitter rivals for the rich widow's hand. Later

Sued

Mrs. Marie Anagnoste.

Mrs. Marie Anagnoste, New York society lady wife of William Anagnoste, Boston millionaire, was sued for divorce, her husband charging her with excessive drinking, which she denied.

"Babbs" own sweetheart arrives, and his real troubles start. He—but that is the story. Before the picture has finished, one is sure that not only "Charley's Aunt," but all the east is from Brazil, "where the nuts grow."

"Hearts of Oak" Here Wednesday For Two Days

The supreme sacrifice one man can make for another is to lay down his life for him. In "Hearts of Oak," the newest William Fox special photoplay which opens a two-day run at the Pictorium Wednesday.

This apex of altruism is reached in a dramatic manner. Terry Dumivan, discovering that his adopted daughter married him miserably from gratitude but really loves his adopted son, takes the boy's place on a suicide venture to the Arctic. He knows his chances of returning are small and he instructs his children to marry after a reasonable time has past.

This human role played by Hobart Bosworth. It is safe to predict, will go down in motion picture annals as one of the outstanding character portrayals of all times.

An older generation still remembers James A. Herne, the author of the play, when he toured the country playing the leading role in his masterpiece. Those who see Hobart Bosworth in the part on the screen will never forget it. It touches the heartstrings in a manner uncommon nowadays. But you will leave the theater feeling glad. Tragedy stalks through the picture but youth and love triumph over it.

Can a man become so hardened that all the tender human feelings within him are banished, and he becomes capable of treacherously betraying his loved ones, friends, parents, children?

This question is answered in "The Man Without a Conscience," the photoplay which is having its last showing today at the Pictorium, with Willard Louis, Irene Rich and June Marlowe in the leading roles. The leading character is a man so steeped and bent on success that he kills his conscience and in so doing sacrifices others and brings his little world in ruins.

Are You Tired, Aching—All Run Down.

This Vernon Resident Tells You How to Get Well.

Tired all the time? Lame, stiff and aching? Tortured with nagging backache? Knife-like twinges—when you stoop or lift?

Miserable with headaches, dizzy spells and bladder irregularities? All are signs of kidney sickness! Use Doan's Pills—a stimulant diuretic to the kidneys.

Here's Vernon testimony:

Mrs. J. A. Duckworth, 1108 N. 10th Street, Box 1088, says: "My kidneys weren't acting regularly and a dull, tired ache in the small of my back bothered me a great deal. If I stooped for awhile at my housework, a sharp pain took me and I could hardly get straightened again. I suffered with head aches, too and felt tired and worn out. I used Doan's Pills and they soon cured me of the trouble. Get at all dealers. Foster-McBurn Co., Mfrs., Buffalo, N. Y."

OUR CHIEF MENACE.

Many people take alarm at the increase in the population of cities and towns. In 1900, we are told by the Census Bureau that only 40 of each 100 inhabitants lived in towns and cities above 2,500 while now it is stated that 52 of every 100 live in such communities. In other words, the United States is no longer a rural nation. More than half the population lives in towns and cities.

Some commentators point to this fact as an evidence of the decadence of America, adding that history clearly shows that urban nations perish, while only the nations where the people live in the country survive. But in arriving at this conclusion certain important factors are overlooked.

The same Census reports that show a falling off in the proportion of rural population to the whole also show that the value and volume of farm products and investments in farms and farm machinery have shown an astonishing increase. In other words, improvement of machinery and methods enable a man on the farm to do more work than has ever been possible before. Naturally, in olden times when agricultural implements were crude and could be made by the village blacksmith, most of the people lived on the farms. But now thousands of workers are in the factories turning out machinery and implements for use on the farm. The village blacksmith can no longer supply the machinery and implement needs of the farmer. In a very real sense, these thousands who are busy making plows and harvesting machinery in the factory towns and cities are engaged in agricultural endeavor, although the Census Bureau classes them as urban population.

But there is no occasion for alarm over this condition. People will quit gravitating to the towns and cities when it ceases to be profitable. The thing that will break down American civilization, if it ever breaks down, is not the proportion of rural to urban population, but the moral decadence of the people. If America falls, it will be because she, like Israel of old, goes off after false gods—gods of gold, greed, selfishness, licentiousness. As long as the heart life of America is sound, we needn't worry about whether people live in town or in the country.

TEXAS AS A SUMMER RESORT.

Texas heat is terrible, we are told in northern and eastern states, some of which are widely advertised as the best place in the world to spend a summer vacation. Still last week more than 200 people in northern and eastern states died from heat prostration. Not a death from that cause is reported in Texas. In fact, deaths from heat in Texas are very rare, so rare, indeed, that some well informed doctors believe it all but impossible to suffer a fatal malady from Texas heat, provided, of course the human system is in a fairly normal condition. But it is not difficult to understand why Texas heat does not kill.

HOW'S YOUR HEALTH?

Dallas, Texas—"I have used Dr. Pierce's Favorite Prescription for feminine trouble and it has helped me very much, and I have used Dr. Pierce's Golden Medical Discovery as a tonic, to build me up when I was all run down, and found it very beneficial. I hope these medicines will help others also."—Mrs. Pauline Lykes, 2016 Cockrell Street.

Obtain Dr. Pierce's remedies now from your dealer in medicine, or send Dr. Pierce, President of the Invalids' Hotel, Buffalo, N. Y., 10c for a trial pkg. of any of his medicines, and write for free medical advice.

motor cars. Henry Ford was experimenting with engines in an effort to find some means of relieving farm drudgery. Born on a farm, his first glimpse of life was in the daily round of arduous farm duties and in his early boyhood he developed a strong feeling against prevailing agricultural methods.

His first experiments were with steam engines through which he hoped to find the power necessary to relieve the farmer of some of his burdens. That was back in his boyhood when steam was virtually the only power of the time.

ODD FELLOWS HONOR DEAD

LOCAL THREE-LINKERS OBSERVE MEMORIAL SERVICE HERE LAST WEEK.

Memorial day services for Odd Fellows and Rebekahs were observed with fitting ceremonies Friday night at the Odd Fellow hall, carried out by the four branches of the order, Subordinate, Encampment, Rebekahs and Canton.

An impressive service of draping the altar was carried out by Rebekahs, when Miss Ethel Harney accompanied by Mrs. J. A. Carney placed the white cloth over the pedestal and the Bible was put in position. Four young women, Misses Jessie Milner, Leta Lewis, Mrs. T. J. Stevens and Mrs. Ray Albright then came, bearing beautiful flowers which were laid on the altar.

Mrs. Mamie Dale Brown of Iowa Park, past president of Texas Rebekah Assembly, and one of the best known women of northwest Texas, was introduced to the audience by Grand Master George W. Backus of Vernon. Mrs. Brown made a very beautiful address in which she asked her hearers to not dwell on the sad things of life but think on the cheerful things for the world is full enough of gloom, she said. Mrs.

P. M. McKinley acted as master of ceremonies.

BURN NOTES ON NEW PIPE ORGAN

PRESBYTERIAN WOMEN IN A CEREMONIAL CANCEL NOTE AGAINST CHURCH ORGAN.

A fitting ceremonial was carried out Sunday morning at the Presbyterian church when the note against the pipe organ was cancelled and burned in the presence of a large audience. Mrs. W. G. McDonald, one of the splendid workers of the church came to the pulpit and announced the object of the services and presented the note. Dr. E. L. Moore, pastor, struck the match and applied it to the bit of paper that meant much especially to the women of the congregation, for with Dr. Moore's part in the ceremony, the first direct act of any man toward the purchase of the organ was carried out. When the handsome new edifice was being planned, the Presbyterian women resolved to raise the money for the pipe organ. In one of the best planned campaigns for fund raising ever carried out by any band of people, in two years' time the amount of between five and six thousand dollars was raised and a tiny heap of gray ashes is all that remains of the note against them. No church officials' names secured the payment of the note, only women's names appeared on it. The money was raised mainly by dinners and the annual Pure Food Show.

Cupid Busy Here During Week-End; 3 Couples Married

Dan Cupid evidently visited Vernon in person recently, as three marriages were reported during the week-end by Judge T. J. Griffiths. C. S. Stapp of Quanah and Miss Alma Price were united in marriage at the home of the bride's parents in West Vernon Saturday afternoon.

Tom H. Turckett was married to Miss Lillie Reeves Sunday afternoon. Both are well known to Vernon citizens. Mr. Turckett is the son of Lon Turckett, living near Vernon. Friends took the couple for a long ride Sunday night on the running gear of a wagon hitched behind a car.

J. B. Penett and Mrs. Pearl C. Bonham, both of Iowa Park, were married in the office of the justice of the peace yesterday afternoon.

W. C. Lundy to Return.

W. C. Lundy will return this week from a visit with relatives at Hubbard City, Mount Calm and Prairie Hill. He went from the Confederate reunion in Dallas to visit at those places. Mr. Lundy says that it seems to him that each reunion gets better and better. He will be accompanied home by a niece from Georgia, who will visit here for some time.

Rev. C. A. Bickler, pastor of the local Methodist church, returned yesterday from Cleburne where he has been assisting in a two week's revival at the Anglin Street Methodist church. He reports a wonderful revival. Ninety-eight additions were made and crowds were so great that many had to be turned away.

T. M. Holt, prominent citizen of Harrold, was in the city yesterday on business.

Officials of Union Sunday School To Erect Building

Because of the steady growth of the recently organized union Sunday school, it has been found necessary to provide some meeting place other than the shed which is now being used for that purpose. Officials of the Sunday school have started a campaign to secure a new building. A lot just north of the Frisco round house has been obtained.

Officials ask those wishing to give anything toward the fund to deposit it at the Herring National Bank with Miss Jessie Milner.

It is planned to erect a \$2,000 building. If more than this amount is donated, a better building will be constructed.

AUTOMOBILE RECOVERED YESTERDAY AT PADUCAH

The local sheriff's department brought about the apprehension of Melmo Riley yesterday afternoon in Paducah, and he was returned to this city and lodged in jail, charged with obtaining a car under false pretenses.

Riley purchased a Ford car from E. L. Snodgrass yesterday and gave a check as payment. Banks refused to honor the check, and a search was started for Riley.

You can't tell a cake by its top crust

WHEN you have turned out a tempting-looking cake or a batch of beautifully browned biscuits, what a satisfaction to find that the centers are well baked and of even texture.

This is the sort of baking turned out by the Florence Oven. Florence Ovens bake your food evenly throughout. They do not burn it on the bottom. They do not camouflage the top. They carry an arch like those of the large bakery ovens, which deflects the heat uniformly over the food. They have a patented heat distributor which prevents the flame from concentrating on the bottom of the pan. They are portable and can be put aside when not needed. They soon repay their cost by preventing baking failures.

Drop in and let us show you this sturdy Florence oven.

Vernon Sluggers Scheduled For Hot One With Crowell

When Vernon and Crowell meet on the Fair Park diamond this afternoon one of the hottest contests of the year may be expected, as both teams are fighting desperately for a footing in the league after a losing stretch at the opening of the season. Both have staged a come-back and now have a chance to win the championship.

The dope bucket on the two teams is mixed up a bit. However, advance predictions give Crowell a slight advantage. Crowell defeated Chillicothe in both games last week after Chillicothe had handed Vernon a couple of decisive defeats the week before. On the other hand, Vernon won over Odell last Friday, and Odell had previously taken a couple of games from Crowell.

Before the reorganization of the league, Vernon beat Crowell consistently. But for that matter, they beat every team then. Crowell has improved much since the early part of the season, and Vernon has evidently become weaker. This afternoon's game promises to be a close one, and it has a great bearing on the league championship. Should Vernon lose today's game it would practically take her out of the race.

VERNON CLUBS

ODELL FRIDAY

BOURLAND BRINGS VICTORY TO LOCAL ORGANIZATION BY EXCELLENT WORK.

Pitching the best brand of ball that he has tossed this year, Hugh Bourland, former high school south-saw, pulled the local ball club out of the slump that has been holding it and placed the game in the winning column Friday afternoon by beating Odell 10-6. The Vernon organization went to Odell Friday afternoon with a determination that could not be denied, and they led the game throughout.

Bourland's excellent work on the mound was the chief factor in the locals' victory. He did not grant a free pass during the game, and the hits gleaned off him were few and scattered.

Odell tried desperately to stop the revamped Vernon club, but to no avail. A change of pitchers failed to halt the local sluggers who were hammering out safeties seemingly at will.

Although Friday's win does not pull Vernon out of the cellar of the Sunday School league, it places the local club in a good position to win the league championship even at this late date. Crowell's double victory over Chillicothe in the two games last week gives those two clubs an even percentage, and leaves Odell leading the league. The standing at present are:

	P	W	L	Pct
Odell	4	3	1	.750
Crowell	4	2	2	.500
Chillicothe	4	2	2	.500
Vernon	4	3	1	.750
